KEVIN ENRICO M. ANG
Pasig City | 0956 785 3286 | kevin.enrico.ang@gmail.com | linkedin.com/in/kevin-ang-118a99321

EDUCATION

University of Asia and the Pacific **Pasig City**
Bachelor of Science in Information Technology, School of Sciences and Engineering *2023 - Expected 2027*

- Student-athlete and co-captain of the UA&P Men's Basketball Team; developed leadership, teamwork, communication, discipline, time management, and adaptability.
- Awards: Rookie of the Year (2023-2024) and Most Improved Player (2024-2025).

PROJECT EXPERIENCE

Trece Martires City College Student Records Management System **2025-2026**
System Analyst and AI-Assisted Developer | Academic Capstone

- Helped develop a React, Laravel, and MySQL student records system for a college serving approximately 3,000-4,000 students.
- Designed role-based functions for students, Registrar staff, and administrators, including record management, document requests, approvals, reports, and audit logging.
- Applied system analysis, quality assurance, troubleshooting, documentation, and an Iterative and Incremental SDLC approach.

HomeFurGood Pet Adoption and Shelter Locator Platform **2026-Present**
Web Development Project | Currently in Development

- Building a centralized platform where users can browse and filter animals from multiple shelters and locate nearby shelters through map and location features.
- Developing user accounts and an online adoption application workflow to connect prospective adopters with participating shelters.

AWS-Based Image Content Moderation System Architecture **2026**
Cloud Architecture Project | UA&P

- Designed an AWS-based architecture that analyzes uploaded images and filters content that may be inappropriate or violate platform guidelines before publication.

Study Buddy **2025**
Web Development Class Project | UA&P

- Developed a web project concept that helps UA&P students find tutoring and study support from other students on campus.

LEADERSHIP AND ACTIVITIES

UA&P Men's Basketball Team **2023-Present**
Student-Athlete and Co-Captain | Pasig City

- Support team communication and coordination while balancing varsity training, games, and academic responsibilities.
- Strengthened leadership, accountability, decision-making, resilience, discipline, teamwork, and time management in a competitive environment.
